Time	<ul style="list-style-type: none">• sequence events in chronological order using language• recognise and use language relating to dates, including days of the week, weeks, months and years• tell the time to the hour and half past the hour and draw the hands on a clock face to show these times

Number Bonds

Number bonds are another core skill that children need to be secure with. By the end of Year 2 children need to know their number bonds up to 20. So, addition and subtraction within 20. Rockstars also provides a number bonds section with games and activities to help children in their learning. As well as this, the maths learning links page on our website provides app and websites that can be used to support this and the class teacher will provide additional information.
